

# Exhaust filter series

Optional parts

## Characteristics

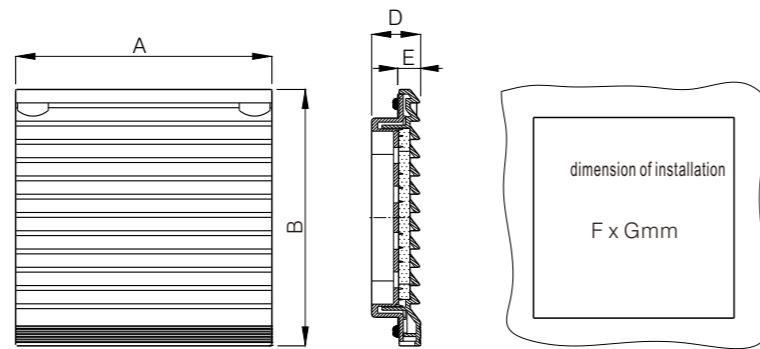

- Frame material uses anti-flame and heat resisting ABS plastic, of which fire resistance are accord with UL-94 Vo standard.
- Installation without screws are accord with standard of VDE 0113(EN 60204)
- Optional equips polyester fiber filter pad of 100g/ .150g/ .350g/ , built-in standard is 150g/ .Standard max static pressure 86Pa 62Pa max relative humidity 90%.
- Temperature range : (unconcretionary) -20 ~ +65 (store temperature) -20 ~ +70

- ABS UL-94 Vo
- VDE 0113(EN 60204)
- 100g/m2. 150g/m2. 350g/m2. 150g/m2
- 86Pa 62Pa 90%
- -20 ~+65 -20 ~+70
